GREAT IMPROVEMENT IN DENTISTRY.

The attention of the public is called to a great discovery in Dentistry.

THE GREATEST ADVANCE STEP EVER MADE IN THE ART.

The main difficulty in wearing artificial teeth is, they do not hold in their place firmly enough, and add to this the annoyance of food getting under the plate while eating. I have discovered a method of so constructing the plate on which the teeth are set that they will not start or drop while eating or speaking, neither will any particles of food get under the plate, no matter what the condition of the mouth is, which is not true of any method hitherto used.

I have secured Letters Patent for the United States, England and France.

The improvement is not in material, but in the construction, which secures the atmospheric pressure on the entire plate.

I have sold the exclusive of said improvement to Dr. L. Gilman, to wit, the Counties of Franklin, Washington, Chittenden, Lamoille and Grand Isle. Those wishing to avail themselves of such improvement, will call on

The American Cooking Stove in Court.

At an adjourned term of the Circuit Court of the United States, for the Northern District of New York, in the second circuit held at the City Hall, in the city of Albany, the 25th day of January, in the year of our Lord 1868.

PRESENT: The Hon. NATHAN K. HALL, Judge.

JACOB H. SHEAR & JOSEPH PACKARD, vs. GEO. B. BULL & JOHN M. ROCKWELL.

It is further ordered, adjudged and decreed, that a perpetual injunction be issued in this suit against the defendants, restraining them from further infringement of said Patent, No. 51,406, Dated Dec. 5th, 1865, for improvements in cooking stoves, pursuant to and in accordance with the prayer of the Bill of Complaint.

Signed A. A. BOYCE, Clerk.

The above was instituted for infringement of the Patent securing the manner of fitting the ash pan in the hearth of the American Cooking Stove, and for the combination of the balled ash pan. We have repeatedly cautioned the public against selling or using stoves with these improvements not manufactured by us. All persons now selling or using stoves with these improvements in violation of the above injunction, without license from us, will be liable to fine and imprisonment. SHEAR, PACKARD & CO., 205-9m. Albany, N. Y.
